

## NKBA Southern California Chapter

### An Evening at The Pasadena Showcase House of Design at the Internationally Renowned Botanical Descanso Gardens

This year, the Showcase House is the former home of E. Manchester Boddy, former publisher and owner of the Los Angeles Times. This regency style home was built in 1938.

From the terrace you can enjoy the magnificent views of the oak forest and San Gabriel Mountains. The entire home and surrounding gardens has been given a complete face lift and decorated to the nines. Descanso's 160 acres features a Camellia Forest, International Rosarium, California, Japanese, and Lilac garden.

Thank you to Jenn-Air for hosting & sponsoring this wonderful opportunity.

**This program qualifies for CEU credit.** All chapter meetings where formal programs are presented, are approved for CEU credit through NKBA.
