

The Southern California Chapter of the NKBA  
Cordially invites you to attend a  
20~Year Founder's Reunion!

This special event is being held in honor of all past and present supporters. During the event, we will be paying a special tribute to all founders and past board members.

Do not miss this opportunity to meet and greet people you have not seen in over 20 years.

Get caught up on what they are doing and where they have gone, along with all kinds of interesting industry tid bits.

We have been very successful in locating past members, some are coming from distant locations and others are just around the corner.

If you only attend one meeting this year, make sure this is the one, as it may not happen again for another 20 years.

This is going to be a fun meeting and there will be no CEU presentation.
